**House Bill No. 2288\***

by adding the following new language at the end of Section 1 of the bill, as amended by House Amendment No. 1 (HA0473):

Section \_\_\_\_\_. The general assembly finds and declares that parental involvement is the key to a child's success in learning, particularly early learning. To aid, encourage, promote, and support parental involvement in the Books from Birth program, the department of education is urged to develop and implement appropriate lesson plans to accompany the books provided through the Books from Birth program. Such lesson plans should be easy to use with the goal of helping parents teach age appropriate skills.
